Antioch Grade School Board Lets Contracts

Contracts totaling $1,328,739 have been let by the Antioch Grade School Board for construction of the upper grade school on Rte. 173.

The board, which immediately sent out letters to the successful bidders telling them to proceed, gave the general contract to Scherrer Construction Co., Inc., of Burlington, who submitted a bid of $854,133.

It was one of nine bids received.

The plumbing contract, for $102,100 went to Healy Mechane Contractors, Inc., of St. Paul, Minn. Eight firms bid on this project.

Wagner Heating and Ventilating Co. of Glen Ellyn will install ventilation for $160,335. Wagner's was one of five bids received.

The electrical and heating work will be done by Kelso-Burnett Electric Co. of Waukegan, successful bidder of six with $212,171.

Supt. Richard Whitacre said the total bid is well below the budget that has been put aside for the project.

The new school is being built on a 52-acre site on Rte. 173 west of the village.

The new building will have 26 classrooms, including arts and crafts, home economics, shop, science, science laboratory and an audio-visual rooms.

There will also be a library resource center, band room, vocal music room, kitchen, multi-purpose cafeteria, gymnasium, nurses room and administration area.

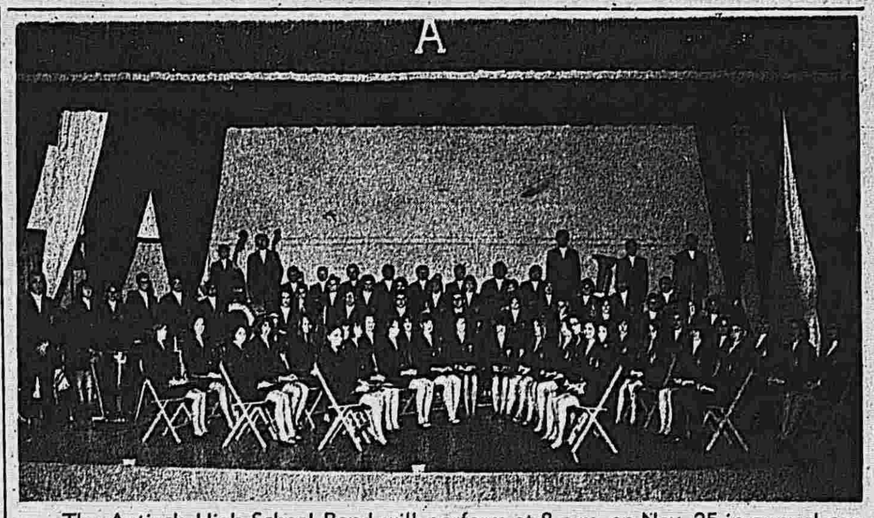

The proposed school will accomodate over 750 upper grade students. Most of the pupils attending the new school will be provided bus transportation.

At the present time the board is renting outside facilities to accomodate kindergarten and first grade children.

The upper grade building will provide for facilities for all of the 6th, 7th and 8th graders.

The first tickets for the children's theater series presented by the Women's Auxiliary of The Music Center of Lake County are being purchased by State Rep. John Conolly, left, and State Rep. John Matijevich, center, from Mrs. Cullen Meyer, president of the auxiliary. The plays feature three of the best known childrens theater groups in the Midwest and will be presented at the East Campus of Waukegan High School on Dec. 13, Feb. 14 and April 11. The interested young boy is Conolly's son, John Jr., 15-months.

The Antioch High School Band will perform at 8 p.m. on Nov. 25-in annual concert. Proceeds will go to help the New York Tour Fund the band is working on for this coming March.

Interact Club Off To Iowa

The Interact Club will leave on a weekend trip to the Iowa State University Friday.

The general purpose of this trip is to give high school young people an experience away from home that brings them in contact with other young people and gives them an opportunity to visit a university setting.

A deluxe highway cruiser has been chartered from the Waukegan-North Chicago Transit Company to take the group to Ames, Iowa.

The bus will leave from the Antioch Community High School Parking lot at 1 p.m. Friday afternoon and will return Sunday afternoon at 5 p.m.

Students going on the trip will be excused from high school at 12:45 p.m., will board the bus promptly and will leave at 1 p.m.

The early departure from school is to facilitate an early arrival in Ames. The student council at Ames Senior High School is providing a social mixer Friday evening at 9 p.m. for our group.

Through the office of the Dean of Students arrangements have been made for the boys to be housed in small groups in the various fraternity houses at the university.

Saturday morning there will be a tour of campus. Following lunch, the group will attend the University of Missouri-Iowa State University football game.

That evening there will be a reception for Tyrone Walls, Antioch High School graduate of 1967 and member of the Missouri varsity football squad.

Sunday morning the group will depart to return to Antioch.

Supervising this group will be Rotarian Michael Warren, Coordinator of Adolescent Services at Allendale School; Roy Nelson, head football coach at Antioch High School; and Rotarian Bruce Jablonski, Antioch businessman.

Girl, 15 Killed By Auto

Joyce M. Levoc, 15, daughter of Mr. and Mrs. Kenneth Levoc, RFD 2, Box 308, Oak Lane, Antioch Township, was killed last Friday night when struck by a car as she walked along Deep Lake Road south of Rte. 173, Antioch Township.

The girl was dead on arrival at a Grayslake funeral home shortly after the 6:30 p.m. accident.

Donald A. White, 16, of RFD 2, Box 285, White Road, Antioch, driver of the car, said he was traveling north on Deep Lake Road and pulled out to pass another auto:

As he was passing he said he saw the girl walking north on the paved portion of the road and was unable to avoid hitting her.

The youth left the scene, Sheriff deputies said, drove home and called the sheriff's office to report the accident.

The girl's body was found lying about four feet from the road about 200 feet from the point of impact.

Courthouse Delays On Agenda

The Lake County Public Building Commission will meet in special session Thursday, November 13, to discuss delays in construction of the new courts building. The original contract called for the structure to be completed and turned over to the commission November 1.

At a meeting Wednesday, November 5, commissioners were told it will be at least the first of the year before the building is ready for occupancy. Representatives of Corbetta Construction Company, the general contractor will attend Thursday's meeting

VFW Seeking Unity For Day Of Prayer

Residents of Antioch are being asked by Commander Jim Horton of V.F.W. Post No. 4351 to join in a national day of prayer November 16, asking for peace, safety of our servicemen in Vietnam, national unity and guidance for the United States in this time of crisis.

Commander Horton said he hopes all residents of Antioch will participate in this "call to worship" and that the clergy will set aside November 16 for special prayers in all Antioch churches, synagogues and temples.

In announcing the day of prayer, Commander Horton cited a recent appeal made by the Rev. Earl Best, Indianapolis, Indiana, National V.F.W. Chaplain, who said:

"In this critical time, all Americans should reflect prayers fully on the future course this nation will follow and to ask divine guidance for President Nixon as he makes decisions and sets policies that may affect untold generations yet unborn.

"All Americans should pray for peace and for the thousands of men who daily put their lives on the line in Vietnam to ensure the right of dissent for other thousands at home who so vociferously object to the role our nation is playing in that troubled country. Let us pray for unity in our re-

Open House Sunday For County College

The six buildings comprising the temporary facilities of the College of Lake County will be open for public inspection from 1 to 5 p.m., Sunday at an open house.

Dr. Richard Erzen, college president, announced his administrative staff, students and members of the college board will be on hand to greet the visitors.

The college, located south of Druce Lake Road and east of Grayslake, was opened Sept. 26 in the interim facilities constructed out of funds loaned the institution by Lake County banks.

The million dollars will be paid out of the building fund over a period of five years. The loan was arranged by William Hartnett, former attorney for the college district.

About 2,600 students are enrolled in the junior college, organized in October, 1967 after a successful referendum by residents liv-

Congratulations

The First National Bank of Antioch is celebrating its 43rd year in business this week.

We would like to add our congratulations to this institution that is continually working to make Antioch a better community.

The bank is celebrating with an Open House on Thursday, Friday and Saturday.

We urge everyone in the area to take advantage of this opportunity to visit the banking facilities offered by the First National.

We also urge everyone in the area to attend the Open House at 8 p.m. on Friday to visit with the Constitutional Convention candidates who will appear at the bank.

We commend the bank for taking notice of the upcoming election and allowing the candidates "the use of the hall" so to speak to present their views.

Congratulations on a job well done in the past and continued success in the future.

Get Out And Vote

Next Tuesday in Illinois the people have a right and a duty to perform.

The right is to vote.

Coming up are the candidates for delegate to the Illinois Constitutional Conventtion.

Four candidates are running from the 31sst Senatorial District—our district—for two spots.

They are John Wenum, Mrs. Mary Pappas, Glenn Reinier and Harold D. Wilson.

None of them are from the Antioch area but they will represent this area when two of them are selected to go to Springfield on Dec. 8 and begin the business of rewriting our state constitution.

This is a non-partisan election and therefore their affiliation, politically, should have no bearing on whether they are picked for the positions or not.

But this election is one of the most important that a citizen can cast a ballot in.

For these people are going to rewrite the basic document that governs our state.

All four of the candidates are good people and can perform the job in Springfield.

But you should be the ones to send them there.

You cannot do this by setting at home and not casting a ballot for your choice.

So therefore, if you do not vote, you should not rant and rave when the ones you might have voted for do not get the nod from those who do vote.

Political experts are saying there isn't much interest in the balloting next Tuesday.

They are predicting a light vote because of the apathy of the voting public.

Let us prove them wrong.

Let us all vote next Tuesday.

Visit The School

Antioch High School Classroom Teachers Association is encouraging all parents and other friends of the school to visit the classrooms and the school plant during National Education Week, Nov. 9 through 15.

Observe Education Week

Students, teachers, and citizens are sitting in, walking out, and demanding more from our nation's schools, but the crisis they create is healthy.

So say the sponsors of American Education Week which will be observed in Antioch Community High School from November 9-15. This annual visit-the-schools week in which more than 30 million people participate. Special invitations are being sent to various individuals to come to our school on Monday through Friday of this school week. Any parent or friend of the school is welcome to attend.

According to leaders in education, boycotts, strikes, and revolts are symptomatic of a new concern for quality education: they serve to sting the complacent American into a new awareness of the high cost of inadequate and unequal education.

Demands are being made---

Students want education relevant to their present lives and future plans.

Teachers want an educational system that allows them to make the best use of their abilities and training. They are calling for a greater voice in instructional decisions and compensation commensurate with their qualifications.

Citizens, particularly parents, want their schools to provide students with education that will allow them to function with comfort in the society.

Businessmen want a supply of workers who will require a minimum of specialized training for their job.

These demands are not easily met, observes the leaders in education, but they are not incompatible. They reflect one common goal; that America's schools be responsive to those they affect.

Since everyone today is affected by the quality education, it is appropriate that the theme of American Education Week this year is "Better Education: Your Job."

It is emphasized that action designed to upgrade the quality of education in America must be preceeded by information.

Both educator and laymen of a community must find out who is dropping out from their schools, who is staying, and why.

They must ask themselves why teacher morale is low or high, how much of their teachers' time is taken up with clerical tasks, and whether teachers' assignments are appropriate to their qualifications.

Great stress is placed upon the need for all citizens to find out how much financial support their schools are receiving and where it is coming from, what amount of money per pupil is spent and how it is spent.

"They should look at how well their schools are housed and equipped and whether the curriculum gives students the preparation they need and the relevancy they have a right to expect."

No American is immune from the implications of these questions.

Sponsored annually by the National Education Association, The American Legion, the National Congress of Parents and Teachers, and the U.S. Office of Education, American Education Week serves to increase public understanding and support of the schools and to encourage parents to visit their children's schools at least once a year.

ing in 12 high school districts one of which is the Antioch High School District.

The students are taking college parallel and career guidance coures. The college parallel courses are acceptable by state schools and most private institutions, it was announced.

The career guidance classes range from nursing to learning about the computer.

There are more men enrolled in the college, according to Dr. Erzen. The number of full-time students are 1,027 and 1,333 are in the part-time category.

There are 102 students from outside the college district which means the college will get an additional $39,760 in tuition from out-of-district chargebacks.

When the campaign was under way to organize the college two years ago, leaders in the Lake County Junior College Association anticipated an enrollment of about 900 students.

"We certainly did not look for such a large enrollment in the first year," Dr. Erzen noted.

The college district is making campaign plans for its first bond issue referendum to be held from 12 noon until 7 p.m. Dec. 13.

The college is proposing to sell $6.4 million in general obligation bonds to finance the construction, the first and second phases of its permanent facilities on the more than 200-acre campus.

Organization of workers to assist in the drive has been launched. Board members said they'll need all the help they can muster to attract support for the proposition.

The district, should the bond referendum be successful, will get about $11 million in state funds to help in the building program.

Board members include F. James Lumber of Round Lake, board chairman, who practices law in Antioch; Theodore Paxton of Zion, vice chairman; Mrs. Thelma Sandee of Waukegan, secretary; Walter Kroll and Charles Neal, both of North Chicago; Dr. Lawrence Day of Libertyville, and H. L. Wesner of Lake Zurich.

Oby Cowan, a retired Navy man was elected to the board in December, 1967, but was defeated when he sought re-election in April.

Cowan is serving the college now in an advisory role without pay.

Legion Announces New School Trophy

The American Legion 10th District (Lake County) announced a new Traveling Trophy to be awarded to the winning Lake County School in the 32nd Annual Legion National High School Oratorical Contest. The prepared oration in the contest must be on some phase of the Constitution of the United States which will give emphasis to the attendant duties and obligations of a citizen.

Students who have a special interest in History, Civics, Debate or Dramatics are especially encouraged to enter the competition. The local school contest must be completed on or prior to January 23, 1970. The District contest will be held the week of February 2 to 6, 1970.

Each of the twenty-four high schools in Lake County may have one contestant in the District contest. Beginning with this year, a 21-inch high Lake County Oratorical Traveling Trophy will be awarded to the school whose representative wins the District contest. The trophy has a spread-wing eagle on each side, and is crowned with the statue of an Orator on top of a gold cup.

The name of the winning orator and his school will be engraved on the frontplate. The trophy will be a Traveling Trophy until one school has won it three times, not necessarily in succession. At that time, the trophy will become the permanent possession of that school, and a new trophy will be started. In addition, the student winner will receive the District 1st place medal and citation. The District runner-up will receive the Lake County second place medal and citation.

The District winner will compete against three other District winners for Division awards. The Division includes all counties north of Rock Island, excluding Cook County. Second Place Division prize is a silver medal and a $100 scholarship. First Place is a gold medal, a $400 scholarship, and a chance to win a larger scholarship. The scholarships at the State level are $500, $600, $800, or $1,000, plus awards up to $4,000 for National finalists. These scholarships are not based on "mean tests". They are unrestricted grants which may be used in and accredited college in the country.

Experience has shown the participants usually develop their presentation to portray the moral and spiritual values of our Republic nourishing the American way of life. They find this is best done by contrasting the American way of life to living under Communism or Socialism. The 10th District will send a paperback copy of the fifty-one 1969 state-winning speeches to the school library upon the school's request. Students may find it of use as a "winning style" reference.

School level contests before a student class or assembly are desirable to give the contestants experience in competing under National Legion rules. The Americanism Chairman for the local American Legion Post will be available to help conduct the school level contest. The Americanism Chairman for Antioch Community High School is Dr. George Jensen of the Antioch Post No. 748.

Edison Responds To Suits

Commonwealth Edison Company Tuesday again emphasized its determination to conserve Lake Michigan and maintain health and safety standards of the highest quality in building and operating Zion Nuclear Power Station as the company responded to two injunctive suits involving the plant.

Statements filed in the Circuit Court of Cook County asked for dismissal of suits initiated by the Metropolitan Sanitary District and the United Automobile, Aerospace and Agricultural Implement Workers of America.

In summarizing Edison's response to the suits, Wallace B. Behnke, assistant to the president, said:

"Zion station's cooling water facilities ,general plant features and safety systems will be built and operated so as to prevent any harm to the public or Lake Michigan. Under the plant's licensing conditions and other regulatory surveillance, the public has ample assurance that water quality and environmental standards will be met. However, we intend to do better than these standards require, as we have done for the past nine years in operating our present nuclear facility near Morris, Ill.

"In controlling temperature and radioactivity, we will be guided by water quality rules set forth by the Illinois Sanitary Water Board, the U.S. Atomic Energy Commission and the U.S. Public Health Service. These rules will make sure that the water we use is returned to the lake safe enough to drink and never warm enough to upset the lake's fish or plant life."

Doc Solar's Fearless Forecast

NORMAL WINTER COMING

The type, quality and conditions of this fall's mushrooms indicates a normal winter with a cold and snow session around the end of December and the end of January with no appreciable amount of snow to make shoveling too much of a chore.

On a recent visit to the east coast I was particularly impressed with the battlefields of the Civil War. In exploring the fields and rock formations of these battlefields, I came upon mushroom growths that I am positive also grew at the time of this great conflict.

In noting the description of battles and the terrific loss of life — not only from wounds — but also from starvation and poor food a good many names listed as casualties came as a result of, lack of, or poor food and its substitutes.

In spending time reading over these names I wondered what the outcome of the Civil War might have been if names like Tobieski, Osmond, Solar, Novak, Flopnachek were added to a list commemorating a special mushroom company to seek out and prepare a delicacy that goes back into history for the added preservative of life in the strength of an army.

The nourishment so derived might have turned the tide of battle many times, either in providing energy for an attacking force or in demoralizing the enemy by covering the hillsides with the aroma of onions and mushrooms. This of course would certainly cause any man to lay down his arms and say (to heck with the war — let's eat).

Not enough has been written or said about the lowly mushroom in what it might have done to change the course of history or forecast the future of events and weather.

I don't forecast any specific dates for sudden inclement weather — but this coming winter will make certain persons happy and others sad when snow - cold - sunshine do not arrive at a time that certain persons desire.

November Is Blood Donor Month

Every 20 seconds someone needs a blood transfusion. In the Chicago area last year, that amounted to more than 200,000 pints of blood. Despite the ever increasing need, blood donors have not kept pace with the demand.

To underscore the importance of maintaining the community's vital blood supply, November has been officially proclaimed "Blood Donor Month."

In the proclamation, all citizens are urged to acquaint themserves with the services available to them through such blood banking programs as the Cooperative Blood Replacement Plan.

The Plan, presently in its 13th year of service to the greater Chicago community, is a non-profit organization which serves as an intermediary between blood banks and donors, each assuring the other of an unlimited supply of fresh whole blood.

The theme for this year's "Blood Donor Month" is family protection. As a member of the Cooperative Replacement Plan, a one-pint blood donation is all it takes for an individual to assure free unlimited blood replacement for his entire family (including all children under 19 years of age) for one year. Or, a one-pint blood donation can assure an individual of blood replacement for four years, or a couple for two years.

Under the Cooperative Blood Replacement Plan, an individual is not only assuring his own and his family's blood needs, but the community as well, by assisting 56 member-hospitals to keep their blood banks adequately supplied.

An individual making a one-pint donation at any member-hospital has paid his "premium on a policy" which assures him of unlimited free blood replacement anywhere in the United States if the need for a blood transfusion arises.

For information on how to join the Cooperative Blood Replacement Plan, and receive blood assurance, area residents are urged to contact the Cooperative Replacement Plan, 2000 N. Lincoln Park West, Chicago, Ill. 60614, or call (312) 477-7500.

Countryside Committee Studies Plans

The first board of directors meeting of the Countryside Hospital group was held at noon last Thursday at Lorenz's Smart Country House with E. Gilligan Associates presenting a feasibility study which indicated a hospital is needed in the area.

A committee, headed by Grant Spong was appointed to study the feasibility report and make its own report to the Hospital Planning Council for the Chicago Metropolitan Hospitals.

Also named to the committee were William Brook, Dr. Edward Abderholden, Harold Spong and Paul Brandel, an attorney from Chicago who is chairman of the board of Swedish Convenent Hospital and who donated 25 acres of land to Countryside.

H. Zerbe, executive director of Countryside Hospital chaired the meeting and will serve as advisor to the committee.

lian of our troupe. He is played by Al Ramsay of Duck Lake who has played everything from Grandpa in "The Remarkable Mr. Pennypacker" to Fagin in "Oliver!", to Creton in "A Visit to a Small Planet" to Felix in "The Odd Couple". His talents also include directing and lighting.

Swem Perkins is our "heavy", the father of the hero. Tom Riggs from North Chicago makes his PM&L debut in this role. He has been in high school, college, and in church plays previously and is an employee at Abbott Laboratories as is Dr. Ramsay.

Dick Perkins, our hero, is played by none other than director Don Beveroth from Paddock Lake, Wis. Don has directed or acted in almost every PM&L production for years. His last production as director was "The Rainmaker" last spring. Some of his most memorable roles were in "Guys and Dolls," "Thurber Carnival," "Once Upon A Mattress," "Forum," and most lately as Oscar in "Odd Couple."

PM&L welcomes back Mavourneen Scalero from McHenry in her role as Nellie, the Orphan Girl. She played "South Pacific," "Once Upon a Mattress," and had the leads in "Ready When You Are, C.B.," and "Antigone." Since then she was active with the Twilight Ridge players in Crystal Lake where she played the lead in "Barefoot in the Park."

Ethel Rutherford, our "female heavy", is Dee D'Isa who has played everything from bit parts to leads (the princess in "Once Upon a Matress" and Adelaide in "Guys and Dolls") and has done every type of "crew" work there is. Dee is from Fox Lake, has taught in Zion and Waukegan, and now lives in Antioch and teaches fourth grade at Emmons School.

Supporting cast members are Geri Duncan and Bob Lindblad from Antioch and Becky Beveroth, the director's eleven year old daughter.

Don't Display New License Until Dec. 1

Secretary of State Paul Powell today warned motorists who are now receiving their 1970 license plates that it is illegal to display those plates until December 1.

Mailing of the 1970 plates began on Monday, Oct. 27, as a continuation of Mr. Powell's four-year-old policy of starting delivery of plates prior to the old date of December 1.

Under this system, he pointed out, all plates representing reassigned numbers and numbers assigned in response to special requests will be in the mail before Dec. 15 when the usual heavy flow of Chirstmas mail begins.

Plates are being mailed in numerical and alphabetical sequence, which means that those motorists who requested reassignment of digits-only numbers will be among the first to receive their plates, and those who requested reassignment of letter-digit combinations will receive theirs later, Secretary Powell said.

PM&L Wants Wooden Shoes For Play

PM&L is sending out a "wanted" message. Wooden shoes sizes 6-7 are needed for their annual children's play "Hans Brinker and the Silver Skates."

One pair of men's size 9 is also needed. If anyone has a pair that they would be willing to lend, call costumer Ricky Apostal, 395-1217.

"Hans Brinker" will be presented at the PM&L Theatre on Saturday and Sunday afternoons, December 6, 7, 13, and 14 at 2:30 p.m. Valerie Hunley directs this production.

Contractors Will Elect New Officers

The election of officers will highlight the meeting of the Plumbers & Heating Contractors Assn. of Lake & McHenry Counties, 7:30 p.m. Thursday, Nov. 13 at the Bien Venue Restaurant, Libertyville.

A nominating committee composed of Allan Stewart, of Cary, chairman; Jack Shull, of Libertyville, and Robert Patton, of North Chicago, will submit nominations and nominations will be accepted from the floor, according to President Don Ariano, of Highland Park.

Present officers in addition to President Ariano are Leonard (Ozzie) Koetz, of Zion, First Vice President; David Buck, of Mundelein, Second Vice President; Greg Streb, of Crystal Lake, Treasurer, and Ed Gothann, of Ingleside, Secretary.

The new officers will officially assume their duties at the regular January meeting of the Association.

A discussion of a new City of Waukegan Plumbing Code will be discussed by Waukegan Building Commissioner John Elasarian and Plumbing Inspector Robert Needham, according to Koetz, program chairman for the Association.

Why waste time? It equals your life.

Swartz Named To Judge Dairy Champ

Judge for selection of Chicago's first Supreme Dairy Female in 55 years has been selected for the International Dairy Show, December 4 through December 7, in conjunction with the International Live Stock Exposition, November 28 through December 7, at Chicago's International Amphitheatre.

Harvey Swartz, Waukesha, Wis., has been selected by the Board of Directors of the International Dairy Show to name the "Queen of Dairy" in Chicago's International Amphitheatre main arena December 6. Swartz will have the singular honor after breed champions have been selected in the six major dairy breeds.

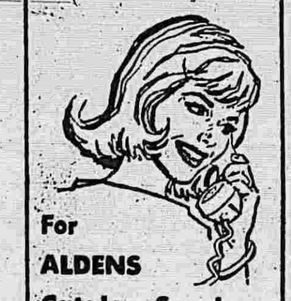

The last Grand Champion Dairy Female at the show was selected in 1914 at the 15th International Live Stock Exposition. The modern champion will be known as America's Supreme Dairy Female.

Swartz's selection will be honored with the Sidney Wanzer I Memorial trophy, which honors a pioneer in the milk industry in Chicago. A $250 cash award from Wanzer Milk, Chicago, also accompanies the award.

Swartz is one of the nation's most prominent dairy judges and a noted auctioneer in the Wisconsin area. He has judged Brown Swiss and Holstein classes at the International in the past.

Entries for the International Dairy Show closed October 25.

Here's one of 40 reasons why the electric dryer is a better buy.

Electric dryers are priced up to $40 less than comparable gas models. And, a $40 savings can represent about three years of drying expense free, for an average family of four.

But economy is only part of the electric dryer story.

Electric dryers dry your clothes the same way as the sun . . . with radiant heat. Your wash will always be sunshine-fresh and wrinkle-free, day or night, in any season. Saving $40 and a lot of trips to the clothesline with a wet basket of clothes are good reasons to put a little more sunshine in your life—the new, radiant-heat electric dryer.

MOOSE TOPICS

By Lillian Birdsell

The blanket hay-ride party, sponsored by the Loyal Order of the Antioch Moose, is scheduled for Saturday evening, Nov. 15. The members who attended the last one which was held in the month of September, enjoyed it so much they wanted it to be repeated. The wagon will be set to leave the Moose Home at 8 p.m. sharp and all members who plan to go are asked to arrive before the departure time so there will be no delay.

Over 60 members from the various lodges attended the 3rd District meeting held at the Antioch Moose Home on Saturday evening, Nov. 8th. Reports were given by the various committee chairmen and a discussion period followed. The next 3rd District meeting will be held at the Barrington Moose Home on Saturday evening, Dec. 13th.

In spite of the heavy fog which existed on Sunday morning, Nov. 9, a good turn out of lodges were present for the Legion meeting and breakfast held at the Antioch Moose Home, at 9:30 a.m.

The annual feather party held at the Antioch Moose on Saturday evening, Nov. 1, was a big success as usual. The efforts contributed by Henry and Harriet Grewe were not in vain for the profits made this year exceeded all others.

A Legion get together and pot luck will be held at the Antioch Moose Home on Sunday, Nov. 16, starting at 4:30 p.m. All legionaires and their ladies are invited to attend and help with the projects of the year. Following the meeting a pot luck will be served and entertainment will follow that. This is for all the legionaires of Antioch.

St. Anthony Fraternity Sets Retreat

The St. Anthony Fraternity of the Third Order of St. Francis is holding a retreat Sunday, Nov. 16, beginning with noon Mass at St. Peter's Church.

The Rev. Coleman from the Franciscan monastery at Burlington will conduct it.

Anyone interested is invited to attend.

Kappa Tau Sorority Taps Deborah Strom

Miss Deborah Strom, Antioch, a sophomore at Augustana College, Rock Island, has been pledged to Kappa Tau social sorority.

Veltums Celebrate 50th Anniversary

Mr. and Mrs. Irving Veltum, better known as Irv and Marie, celebrated their 50th Wedding Anniversary a day early on Oct. 11, given by their sons families, Vernon and Fay of Wilmot, Wisconsin, and Ervin and Norma of Westerville, Ohio, and nine grandchildren.

A wonderful and service and delicious family-style dinner was held at Bill's Antioch Restaurant. The choice of colors for the affair was white and gold with Norma having the honor of making the four-tier cake, which was also decorated in white and gold.

The ornament was used on Marie's parents cake for their 50th anniversary in April, 1938. The ornament was also used on the Veltums 45th Anniversary cake.

The dinner was started with a toast by Ervin and Vernon and an anniversary message and prayer by Pastor Haskell of Good Shepherd Lutheran Church. Some 53 persons enjoyed the affair.

Mrs. Veltum is one of 14 children, the first to reach 50 years of marriage and Irving is of a family of four. His brother, Ed, and wife Hannah, celebrated their 50th anniversary in Dec., 1968.

Two other couples who attended had also celebrated their 50th anniversary. They included Mr. and Mrs. L. Behm of Park Ridge, in 1967, and Mr. and Mrs. James Stewart of Antioch in May, 1969.

Bunny and Cindy Veltum surprised their grandparents by trimming their auto with streamers and a large card reading "Just Married — 50 Years Ago."

On Sunday an open house was held for a few neighbors and friends.

Check Everything For Safe Driving

Jerry Klebe maintains that the secret for avoiding accidents can be summed up very simply. He says: "It's all a matter of checking—check everything constantly."

At first glance this looks like an oversimplification, but considered further, it makes quite a bit of sense.

What does a good driver do? He checks his vehicle and he checks himself. While moving he's continually checking other vehicles, pedestrians, road and weather conditions, traffic signs and signals. He checks everywhere before he makes a turn and he does plenty of checking before he pulls out to pass.

Constant checking helps to insure safety. Once you stop checking you're setting yourself up for an accident.

"Where there's smoke there may be a tipoff to trouble, reminds the Lake County Safety Commission. For instance:

Smoke from the exhaust pipe of a parked vehicle may mean its driver is going to pull out into traffic. A tap of the horn might prevent trouble.

As you start to pass check the exhaust pipe of the vehicle you're passing for smoke puffs. A lazy puff means the driver has just taken his foot off the gas pedal. This could indicate he's preparing to turn. A sharp spurt of smoke may mean he's speeding up to keep you from passing. Defense action may be needed to prevent an accident.

Live Stock Exposition On Nov. 28

America's "Court of last judgment" for livestock, the International Livestock Exposition, opens Nov 28 and continues through Dec. 7 at Chicago's International Amphitheatre. The nation's oldest continuous livestock show plans new shows and format that should benefit both exhibitors and public.

Premium lists are now available for the 70th International. New minimum steer weight classifications, new livestock release times, a highlighted swine show, the selection of a supreme dairy female champion and a new class for steers are some of the changes highlighted in the premium lists.

Action taken by the International Board of Directors has defined the new minimum steer weights as, senior calf, 925 lbs.; summer yearling, 1,050 lbs.; and junior yearling, 1,150. These weights are applicable to the Junior Livestock Feeding Contest, Open Steer Show, and the Quality Beef Contest. The steer judge this year is Don L. Good, Manhattan, Kansas.

Along with the weights, a new steer classification of Purebreds of Oother Breeds and Crossbreds has been established for the 1969 International. This fourth class is added to the open classes and Junior Feeding Contest classes of Angus, Hereford and Shorthorn.

Following the traditional "slap on the rump" of the grand champion steer Monday afternoon, Dec. 1, the sale of the winners will take place in the Amphitheatre arena on Tuesday evening, Dec. 2, just prior to the International evening performance. The sale will have live Chicago television coverage.

The premium list also notes a streamlining of the show schedule in order to facilitate an earlier release date for livestock. Beef cattle will be released on Wednesday, Dec. 3 at 8 a. m. Sheep and hogs will also be released on Wednesday. This early release is to allow time for the change over to the International Dairy Show Dec. 4 to Dec .7.

The 1969 International will feature the swine show in the North Hall of the International Amphitheatre. Not only will the judging of the nation's top barrows be the center of public attention, but the swine industry willl be featured from birth to market in displays in commercial exhibits around the show ring. Judge Harvey Richardson, Elmore City, Oklahoma, will have the honors in naming the 1969 Grand Champion Barrows in this "court of last judgment" for the swine industry.

When the International Dairy Show concludes, the nation's first Supreme Dairy Female will have been named. Selected from the champion female in each dairy breed, the Grand Champion female will be named by a separate judge from those selecting each breed. For the honor, the first Sidney Wanzer I Memorial Trophy, honoring a Chicago milk industry pioneer, will be awarded. A $250 cash prize is also offered by Wanzer.

In other dairy show changes, the State Herd premium money has also been increased.

Entries for the International Live Stock Exposition close Nov. 1. Premium lists may be obtained by writing International Live Stock Exposition, 116 Exchange Building, Chicago Union Stock Yards, Chicago, Illinois 60609.

Edison Honors 125 Long-Time Employes

On Tuesday, Oct. 28, approximately 125 employes and annuitants of Commonwealth Edison Company's northern division were guests of honor at a dinner in the Arlington Park Towers in Arlington Heights.

Sharing honors as holders of the longest service records were Clarence N. Carlson, 592 Providence St., Winnetka, and Allan T. Swanson, 918 Merton St., Waukegan, both of whom started with the company in 1923.

Division vice-president L. W. Milligan lauded the guests who included employes who have been with the electric company for 25 years or more. Vice-president John W. Eilering was the speaker of the evening.

Commonwealth's northern division extends from the northern edge of Chicago to the Wisconsin state line and from the lake to the middle of McHenry County.

Army Offers New Courses To Trainees

With the beginning of another academic year, schools throughout the nation are welcoming students to new and exciting courses. The Army is no exception to this general trend, and literally hundreds of challenging educational opportunities are available to young men, and women enlisting in the Army in the next few months.

These courses—offered at U.S. Army schools throughout the United States — prepare men and women for essential duties within the military service and for rewarding careers upon their return to civilian life.

Some of the hundreds of career fields now available to men include electronics, data processing, metalworking, engineer heavy equipment operation and maintenance, automotive maintenance, aircraft maintenance, drafting, surveying, printing, and flight training.

Among the many careers offered for women are data processing equipment operator, meteorological observation, flight simulator operator and maintenance, air traffic control specialist, intelligence analyst, physical therapy aide, still photography, photo laboratory, switchboard operator, and basic journalist.

The Army encourages qualified men and women to prepare themselves for the future in one of the finest technical schools in the world—one of the many service schools operated to train young men and women in the United States Army.

For more information on the challenging and worthwhile training opportunities available now, contact Sergeant Rector or Brasket, 620½ Washington St., Waukegan, Ill., or call him at 662-5260 or 5263.

Educational Secretaries Meet Nov. 19

The 300 Lake County Educational Secretaries will enjoy a roast beef dinner at the Tally Ho Country Club on Route 45, halfway between Half Day and Mundelein, while they meet for their fall meeting on Wednesday, Nov. 19, at 7:00 p.m. Hostesses for the meeting will be personnel from the College of Lake County, the newest arrivals on the educational scene in the county.

Invitations for the event have been sent to all elementary and high school district superintendents in Lake County. In the event a school district did not receive an invitation, everyone is invited to attend and a phone call to the College of Lake County to place a reservation will be sufficient.

The program for the evening will include the first appearance by a group from the College. Warren Simpkins, vocal music instructor, has assured members of the committee that his choral group is preparing several numbers for the evening's entertainment.

In addition, the traditional door prizes will be awarded at the conclusion of the program.

Bacterial Results Released

Bacterial water quality survey results on Lake Michigan for the period from April through September, 1969 were released last week by the Lake County Health Department. Copies have been sent to all municipalities involved and to state boards.

Results show that of the dozen sampling points between the Wisconsin State line and Lake-Cook County line, only two locations had less than a fifty per cent unsatisfactory sample average through the entire six months. They were: Illinois Beach State Park near Zion and Waukegan's central beach inside the breakwater.

The figures listed in the report were based on sets of five samples from each location. Showing the highest percent of unsatisfactory results was the Park Avenue beach in Highland Park, followed by Ravine Drive and Rosewood Park beaches in the same community. Averages for unsatisfactory results, in other words pollution, decreased northward along the Lake Michigan shoreline.

Several beaches were closed last summer after heavy rains caused dangerously high bacterial count in the lake water.

Lake County Purchasing Agent Edward O. Barnes has sent a memo to all department heads warning that a vendor will not be paid for materials furnished unless a purchase order number appears on the invoice.

In the memo, Barnes quoted the purchasing ordinance passed last May which states: "All requests for prices and all purchases shall be made or authorized by the purchasing department acting under the authority of the Board of Supervisors." He said, "Because there have been some infractions, we will have to advise vendors in the future that they risk non-payment in cases where the purchase is not covered by an order number given out or authorized by the purchasing department."

Howlett Asks Change In St. Patrick Day

Since the 1970 primary election will be on March 17, St. Patrick's Day, Michael J. Howlett, state Auditor of Public Accounts, has asked the Illinois Legislature to declare Monday, March 16, a state Holiday to honor St. Patrick.

In a letter to the General Assembly leadership, Howlett said the Legislature, by amending the Election Code to change the primary date, has made it difficult to observe St. Patrick's Day in the traditional manner.

"Since the primary will be a distraction from the festivities to which the Irish, and those that are Irish for one day, have become accustomed, I suggest Monday, March 16, be designated as 'St. Patrick's Eve in Illinois'," he wrote.

"I further suggest that all who pay honor to St. Patrick normally on March 17, which includes practically everybody, should be urged by an Act of the Legislature to pay honor in the same manner in 1970 on March 16, and that March 16 be declared a state holiday."

ROUND AND ROUND SHE GOES

The earth is round, not flat.

And Columbus proved it when he sailed west to reach the East. It wasn't his fault that a new continent was in the way.

But most educated people knew the true shape of the earth long before Columbus. Eratosthenes of Alexandria, born about 276 B.C., measured the surface of the earth and recognized it to be part of a great circle. He set the foundation for mathematical geography. Scholars since his time, therefore, knew that the earth was round.

The Chicago Motor Club-AAA cautions that bad manners can be fatal if they occur behind the wheel of a car. The discourteous driver who tries to get away with something in traffic too often succeeds only in hurting himself and innocent victims. Common courtesy pays off in safe driving.

Get well wishes to Dominic Wilhelm at St. Therese Hospital. Two and half year old Billy Rose, Victory Memorial Hospital.

Altar and Rosary News

Business discussed at the Prince of Peace Altar and Rosary Sodality meeting last Wednesday, mostly concerned the Day of Recollection to be held at Benedictine Abbey, Benet Lake, on Nov. 16. The day will start with Mass at 10:30 a.m. Mrs. Pat Dittmer is taking the reservations. A fee of $2.50 for lunch and donation is being asked.

The Christmas Party for the members of the Sodality will be held on Dec. 3. There will be a dollar gift exchange. Mrs. Yvonne Richter and Mrs. Katie Blake are co-chairladies. Members will be contacted to bring refreshments.

The Annual Christmas Party for the children of the Parish will be held on Sunday, Dec. 7, at the Lake Villa School at 2:00 p.m. Mrs. Craig Rickey is chairlady. Those attending will be asked to bring tooth paste, shampoo and hand cream in plastic containers. The items will be given to the children and adults at Mount St. Joseph in Lake Zurich.

The ladies discussed having a tea for Sister Carla Marie, P.C.J., who is coming home for a visit around the 18th of Nov. She may be better known to her friends her as Marianne Smith. She is the daughter of Mr. and Mrs. Ervin (Gertrude) Smith of 376 S. Brittain, Grayslake. The Smiths lived in Lindenhurst seven years ago. Sister Carla Marie attended Antioch High School for two years and graduated from Grayslake High School. She has been in Holland, and will be sent to Bogota, Columbia, South America when she leaves here. Before coming home she will spend two weeks vacation in Rome. Her family haven't seen her for three years and are anxiously awaiting her arrival. They have conversed with each other on tape, and note that Sister speaks French, Dutch and German fluently. Watch for the announcement of the date of the tea. She will be looking forward to seeing all her old friends here.

Father Lynch spoke about the changes that are being made in the Mass.

Home On Leave

Mr. and Mrs. Milton (Evelyn) Lazansky, 111 N. Hawthorne Dr., Lindenhurst, their two sons, Steven and Glenn, Mr. Lazansky's mother, Mrs. Mary Lazansky of Bristol, Wis., and Miss Kathy Weber flew to Bainbridge, Maryland recently to attend the graduation ceremonies of their daughter, Suzanne, who completed her ten weeks of WAVE boot training. They were thrilled at the beautiful ceremony and Mr. Lazansky met and shook hands with Rear Adm. Burke of Washington, D. C. They all flew back together. Miss Lazansky will be going to Dental Technician School when she arrives in San Diego, California. She expects to be home for a visit again in March. She graduated from Antioch High School last June.

October Palette Art Awards

An enthusiastic crowd of gallery-goers visited the Northern Illinois Gas Company general offices near Aurora Oct. 11 and 12, where it viewed an outstanding and exceptional display of original art by prize-winning artists from 1969 Chicagoland art fairs.

The exhibit, "October Palette, the Best of 1969," was judged by Harold Patton, Manager of the Sears Vincent Price Gallery in Chicago; Irving Shapiro, Director of the American Academy of Art, Chicago; and Stuart Sewell, Instructor, Fine Arts Department, Waubonsee Community College, Aurora.

Blue ribbon awards were presented to Valerie Benson of Warrenville; Ben Mahmoud of DeKalb; Curt Frankenstein, 2569 East 71st St., Chicago; Don Johns of Elgin; and Linda Talaba of Carbondale.

Honorable mention awards were given to James Barbee, 3100 N. Sheffield, Chicago; John Culik of Joliet; Stanley Dudek of West Chicago; Glorida Hollenbeck of Downers Grove; Lois Palmer Huth of Cicero; Carol Lubick of Lockport; Gloria Maliarik of Lake Forest; Sister Richard, C.S.J. of LaGrange Park; Carl Schwartz, 4228 N. Hazel, Chicago; and Gene Lindman, Munster, Ind.

In addition to the ribbon awards, the NI-Gas Fine Arts Committee presented purchase awards to Albert Alfredson, 5620 N. St. Louis Ave., Chicago; Shirley Bickel of Riverside; Stanley Dudek of West Chicago; Don Johns of Elgin; Bob Kane of Dolton; Gene Lindman of Munster, Ind.; and Gertrude Zabler of Downers Grove. The works of these artists will become part of NI-Gas' permanent art collection.

October Palette is a joint venture of NI-Gas and the West Suburban Fine Arts Alliance. Its purpose is to promote and foster a deeper community appreciation and interest in art.

5 From Antioch All-Conference

Five Antioch High School football players were named to the Northwest Suburban Conference All Conference teams.

Named to the Offensive Team were Ron Ozga and Ted Gruszeczki, while Mike Ring, Terry Triplett and Rick Nelson made the Defensive Team.

Gruszeczki also received honorable mention on the Defensive Team.

Ozga, a 5 foot 9, 195 pound center, a senior, was a regular for two years. A good blocker, he gained over 60 yards for the offense by centering the ball when the defense jumped off side. He is an honor student.

Ozga

Gruszeczki, a 5 foot 11, 180 pound senior, was also a regular for two years. He played both offense and defense. A good blocker, he averaged four tackles and three assists as a linebacker.

Ring, a 6 foot 2, 235 pound senior tackle, was a regular for two years on the defensive unit. He averaged 4 tackles and 3 assists per game. He recovered one fumble.

Triplett, 5 foot 9, 150 pound senior was regular middle linebacker and averaged 5 tackles and 3 assists per game. Scored two touchdowns in his final game against Grant.

Nelson, a 5 foot 10, 155 pound senior, was also a regular for two years.

He was the team's punter with a two year average of 34.2 yards per punt.

He recovered two fumbles and intercepted four passes during the season. He averaged 5 tackles and 4 assists per game. He also played both ways and was an honor student.

SPORTS

Sophs Whip Grant To SaveSeason

The Sophomore Sequoits erased as least some of the bad breaks of the season against Grant in the final game of the season.

The team played like champs especially during the first half. Grant was a team with a strong passer.

Antioch recorded no less than five interceptions during the course of the game. Grant was a team with a strong defensive front. (They played us man for man from tackle to tackle with a seven diamond defense).

Antioch ran through the middle for two touchdowns. Brasfield scored twice, one from 6 yards out and the other from 3 yards. Antioch ran off tackle for two more touchdowns.

Crutchfield scored from 52 yds. out on a beautiful run and again from the two yard line. Greg Crutchfield played an outstanding game rushing for 161 yards. His average per carry was just over 8 yards.

Three other Antioch backs rushed 20 yards or more. Brasfield 27 yards, Mihovilovich 20 and Nelson 20. Gaa followed close behind with 16.

The defense played a superb game. Bob Huebner recovered a fumble on the Grant six yard line to set up the second touchdown. He also made 3 tackles which came at crucial moments.

The five pass thieves for the Sophomore Sequoits were Tell, Sterbenz, Crutchfield, Zale and Jacob. This is a record for the season. Baczynski led our tacklers with six tackles and three assists.

Weber, our right tackle followed with five and two, and Tell and Loef each recorded 4 and 2. It was a good night for football and we played a fine game.

Antioch received the opening kickoff and executed 14 plays beginning on the Antioch 43 yard line and ending crossing the goal line. During the drive Crutchfield carried eight times.

The last carry was from the two yard line for a touchdown. During the course of the evening, Crutchfield scored 2 touchdowns, kicked 3 extra points for fifteen points. A very fine offensive output for the line and all who played a part in the win.

Final score Antioch 27, Grant 6.

Rescue Squad First Aid Course Is Set
